Press Information

Melcourt SylvaGrow[®] a Which? Best Buy for raising young plants.

Which? Gardening has awarded **Melcourt SylvaGrow[®]** multi-purpose peat free compost a **Which? Best Buy** for raising young plants.. The product was also awarded a **Which? Best Buy** for container composts in 2015.

Which? Gardening selected the product after extensive trials as a **Which? Best Buy** for raising seedlings and young plants.

Indeed, *Which? Gardening* recommended those wishing to grow seeds and raise young plants in a peat-free medium, to use SylvaGrow[®], "If you want a peat-free compost for both jobs," it commented, "we'd recommend **Melcourt SylvaGrow[®]**. It's a Best Buy compost for raising young plants and it scored almost as well as our Best Buy compost for sowing seeds."
